

# CERAKOTE

CHINA & HONG KONG REGION

APPLICATION | DESIGN | FACTORY CERTIFICATION

## 培训议程 TRAINING SCHEDULE

TIME 时间	TOPIC 主题
<b>DAY 1</b>	
09:30 – 12:30	<b>Classroom Introduction 课堂介绍</b> <ul style="list-style-type: none"><li>• Technical Information 技术细节</li><li>• Cerakote series overview 系列概述<ol style="list-style-type: none"><li>1. H series 高性能系列</li><li>2. E Series 超高性能系列</li><li>3. C Series 风干系列</li><li>4. Clear Series 透明系列</li><li>5. Special Series 特殊功能系列</li></ol></li><li>• <b>7 STEP</b> Application guide 7个步骤 – 涂层应用说明<ol style="list-style-type: none"><li>1. Degrease 脱脂</li><li>2. Sand Blasting 喷砂</li><li>3. Gas Out 排气</li><li>4. Coating Mixing 混合涂料</li><li>5. Spraying 喷涂</li><li>6. Curing 烘烤</li><li>7. Quality Control Inspection 检查</li></ol></li><li>• Facility Tour 参观工场<ol style="list-style-type: none"><li>1. Degreasing facilities 除油设备</li><li>2. Sand blasting 喷砂设备</li><li>3. Spraying Facilities 喷涂设备</li><li>4. Racking 架子</li><li>5. Oven 烤箱</li></ol></li></ul>
12:30 – 13:30	LUNCH 午餐
13:30 – 17:30	<b>Hands-On Training 操作培训</b> <ul style="list-style-type: none"><li>• Substrate preparation (degreasing, sand blast, racking and gas-out) 表面处理, 脱油, 喷沙</li><li>• Mixing by weight &amp; volume 按重量和液体量混合</li><li>• Spray gun adjustments and techniques 喷枪调整</li><li>• Introduction to spraying Cerakote 喷涂技术简介</li><li>• Applying a proper base coat on different surfaces &amp; parts 在不同的表面喷涂</li><li>• Spraying to achieve target thickness 达到标准的厚度</li></ul>

## DAY 2

09:30 – 13:00

- Learn best practices for consistency and efficiency 喷涂浓度和效率
- Proper curing techniques by various substrates 烤箱技术
- Introduction to advanced techniques 先进喷涂技术简介
- Cerakote High temperature, Elite series, and Clear coat applications  
高温系列, 高性能E系列, 透明系列
- Masking, racking and advanced spraying techniques 高技能喷涂技术
- Summary 总结
